

Personalize your product

Your packaging is a marketing tool that should not be underestimated: your end customer will eventually get it into his or her hands. It would be a shame not to take the opportunity to communicate a message, your logo or funny quote that people remember. We are happy to help you strengthen your branding, by printing gel packs for you and personalizing cooling elements. Curious about the possibilities? Keep on reading.

Shape retaining cooling elements can be branded with your logo by creating a special casting mould. Possible from 10.000 units.

For personalizing **gel packs**, there are various options, ranging from a small print to a full pre-printed gel pack.

Small print in one colour, maximum size 5 cm x 7 cm. Possible for small quantities.

Pre-printed foil in full colour, covering almost the entire foil surface. Possible from +/- 45.000 gel packs.

35% recycled film

Kraft film

No sweat film

Virgin PAPE film

Virgin LDPE film

Keep in mind colours look different on brown kraft paper.
